Please visit [prod.admin.profile.yale.edu/specialtiesandconcepts](http://prod.admin.profile.yale.edu/specialtiesandconcepts) take a few minutes to review and add any conditions, procedures and treatments associated with your daily clinical work to your website profile.

## How to Configure Conditions, Treatments and Procedures:

**STEP 1** Select, add or adjust your expertise areas:

- Click **+ Add New**
- Select all expertise areas in which you specialize using the **+** signs. These are not necessarily your board certifications, but are areas where you perform patient care.

Note: Some areas allow for further specification, indicated by a small ▶ to the left of the listed Expertise Area.

Example: "Pediatrics" includes "Pediatric Critical Care". If your emphasis is in this area, include it as an Expertise Area.

- Selected expertise areas will be listed at the top, and may be removed by clicking the  to the right of their listing:

**STEP 2** Select or add your conditions, treatments, and procedures:

- Click **+ Add New** in the section labeled "Conditions, Treatments, and Procedures."
